NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

We are sure that Thursday will be a full day for most people what with almost a full day of football on television, visiting, eating, hunting and many other things to make the day full.

But we do hope that everyone will take a little time and remember what the day is for -- a day to be thankful for our many blessings. And most of us do have many more blessings than we probably deserve.

Sometimes we all feel that all we have is problems, when really we have a great deal to be thankful for.

When Thanksgiving comes we can be sure that Christmas is not far behind. In fact this year with Thanksgiving coming late in the month, Christmas will be here sooner than most of us will be ready for it to be here.

While there are a few people that start early every year and get their Christmas shopping done before the rush, most of us can not seem to think about Christmas until after Thanksgiving and get caught up in the big rush.

We would like to suggest one tip that would make your shopping much easier -- Shop At Home. While we realize that there may be a few things that are not available in Hamlin, we suspect that most people can find just about everything on their list without leaving town. And do it a lot easier, too.

The Hamlin merchants have more merchandise on their shelves this year than ever before and are anxious to serve you. Many of the stores are planning on staying open some at night between now and Christmas for your convenience. There is plenty of free parking and most stores offer free gift wrapping. And this gift wrapping is a big time and money saver too. You can just leave the gift to be wrapped and pick it up later when it is more convenient.

Remember, when you shop in Hamlin you are helping support the people that support your city and your schools. They also give employment to your friends and support your churches.

When you trade in Abilene it may be great for Abilene but surely does not help the people that help you. And most of the time you are only kidding yourself when you think you are saving money because there is not that much difference in prices anywhere.

So why fight the traffic, the crowds and the problems of shopping out of town when it is so easy to shop at home.

The Senior Class is sponsoring a Powder-Puff Football game here Saturday night that should offer quite an evening's entertainment. It will pit the senior and freshman girls against the junior and sophomore girls and will be complete with boy cheerleaders, majorettes and even a band of sorts.

The girls are being coached by football boys and have been working out for two weeks now and so far we have not heard of any injuries so they should be ready for Saturday night.

When the Lueders and Avoca schools merged last year Avoca did not seem to lose any of their enthusiasm for basketball. While the school is in the six-man football playoffs they have already started basketball.

This is unusual for a small school, in fact Class 4A is about the only size schools that we know of that tries to do both.

DALLAS COWGIRLS -- Getting toughened up for the Saturday night game are the Dallas Cowgirls, coached by Gil Lain, left, and Mike Young, right. The team is made up of freshmen and senior girls. Admission will be 75¢ for adults and students and 50¢ for children under 12. (Photo by Bill Johnson)

GREEN BAY PACKERETTES -- Sophomore and junior girls being coached by Mike Brown, left, and Ronnie Nelson, right, are preparing for the 7:30 game Saturday night against the Dallas Cowgirls. The event is being sponsored by the Senior Class. (Photo by Bill Johnson)

Local Merchants to Launch Appreciation Day Program

A large number of Hamlin merchants will start passing out coupons this week that will be good for an Appreciation Day drawing every Wednesday afternoon at 4:30. The first drawing will be held Dec. 11, according to Francis Scheweis, BCD Trade Development Committee Chairman. The sponsoring firms will give coupons with every purchase, but no purchase will be required to receive a coupon. The coupons can be deposited in any of the boxes set up in the different participating firms and will be picked up before the drawing

each week.

The Treasure Chest will contain over \$200 the first week and will grow each week. The winner of the drawing will receive from five to 50 percent of the money in the Treasure Chest depending on the value of the winning coupon. You must be present when your name is drawn but you may enter as many times as you wish by writing your name and address on plain 1" x 3" pieces of paper, and indicating any percentage figure from five to 50 percent.

The coupons are available at the following firms: J. M.

McDonald Co., Howard Drug, Heidenheimer's, Winn's Stores, Frank's Dept. Store, Hamlin Building and Supply, Pied Piper Grocery, Texaco Consignee, Blue Bonnet Cafe, Mac's Food Market, Joe Hudspeth's, Lee's Cafe, Piggy Wiggly, Carl Murrell Chevrolet, Harbert Furniture, The Hamlin Herald, Albritton Motor Co., and Pied Piper Mills.

The program is being sponsored by the Hamlin Board of Community Development. Also supporting the program is the F and M National Bank.

SCS Official Urges Full Use of Cost-Share Programs

Landowners are encouraged to make full use of U. S. Government cost-share programs in applying conservation practices," says Gary A. Batte of the Soil Conservation Service in Stamford.

The Agricultural Conservation Program (ACP) has helped pay the cost of building many terraces, ponds, waterways, and other soil and water conservation measures for many years.

"Paralled terraces have become the most popular single land improvement practice in this area over the past few years," Batte said. "Over 750 miles have been built in the California Creek Soil and Water Conservation District."

The Agricultural Conservation Program, which is administered by ASCS offices in each county seat, has special cost-share rates to help pay for new parallel terrace systems. In most counties, this payment will amount to about one-half the total cost.

This announcement was made by Carl Murrell, BCD president, who will name various committees for the banquet soon.

Reflecting a continuing gain established several weeks ago, freight carloadings for the Santa Fe Railway System for the week ending November 8, 1958, were 29,387 compared with 24,274 for the same week a year ago. Cars received from connections totaled 12,935 compared with 12,270 for the same week in 1957.

Total cars moved were 42,322 compared with 36,544 for the same week a year ago. Santa Fe handled a total of 41,437 cars in the preceding week this year.

Members of the Fifty-two Study Club met in the home of Mrs. Joe L. League on Nov. 21 and heard an interesting talk by Mrs. Lois L. Stephens, Jones County School Nurse, on "The Need For More Nurses."

Members of the Beta Theta chapter and their guests, Xi Gamma Pi exemplar chapter, met last Wednesday afternoon in the Primary School cafeteria to attend a program on music appreciation given by Mr. and Mrs. Walker Charles of Abilene. Mr. Charles is now serving in his second year as musical director of the Abilene Symphony Orchestra.

The sixty girls making up the Pep Squad of Hamlin High School, under the direction of Dora B. Mitchell, have added much to the spirit and fanfare of the Pied Piper football season which closed several days ago.

LAND OF PLENTY

★ THANKSGIVING FOR . . .

- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

season in his letter this week.

Dear editor:

"Well haven't got too much to be thankful for this year," a friend in town told me the other day when I asked him if he had his turkey ready for Thanksgiving.

"What's the matter?" I asked.

"The matter? Don't you read the newspapers? They're still fighting in Viet Nam. School teachers striking. Streets not safe to walk in. Crime getting worse. Government's in debt. College students acting crazy. Taxes too high. Everybody dissatisfied . . ."

He was fixing to go on but I told him I had to go back home, which I did, and after I got here I got to thinking.

Sure, a lot of things are wrong in this country, but a thinking man can still find plenty to be thankful for, whether his television set is working or not.

For example, I'm thankful that the fireplace in my office out here on this Johnson

For COLDS take 666

grass farm works fine when the north wind is blowing, which is the time I need it the most. If a south wind is blowing, the chimney doesn't dray right and smoke fills up the place, but a man who can't tell which way the wind is blowing deserves to be smoked out of this office or one you get elected to. Incidentally, I occupy probably the only office in the United States which has had its doorknob kicked off by a cow. Happened one day last year. What man in what city, I don't care how big it is, can make that claim?

I'm thankful some men have nerve enough to explore the moon, and I'm thankful I'm not one of them. The same goes for football.

I'm thankful a man in this country can think what he pleases, without having to do anything about it, just as others can try to do something about it without first thinking.

I've got lots to be thankful for, but if I mentioned all of them the government might want to raise my taxes.

I'm not sure the Pilgrim Fathers, could they return after all these years and look the place over, would be thankful for everything that has resulted from their trip, but I'm thankful they made it.

Yours faithfully,
J. A.

Cheryl Walton, Gil Lain Honored As Sweetheart, Hero At Banquet

Cheryl Walton and Gil Lain were honored as Football Sweetheart and Hero at the Thursday evening annual banquet hosted by the Hamlin Pep Squad in the high school cafeteria.

Marilyn Fudge was toastmistress. The invocation was given by Dianna Crowley. Ernest Ledbetter led the pledge of allegiance to the flag.

Following the dinner Joey Duncan gave the welcome and the response was by James Asher.

Cheryl Walton revealed the identity of the football hero, chosen by vote of the Pep Squad. Don Smith presented the sweetheart, chosen by members of the football team.

After gifts were presented to the coaches, band director and Pep Squad sponsor, head coach Joe Youngblood introduced the speaker, Cheryl Walton.

Coach Youngblood said that

he was easily spotted on television as the official who used his left hand in giving signals. Hays used humorous stories about football and then became more serious as he said the game of life is like the game of football — you get out of life what you put into it. He further illustrated this by saying that this applies also to the band and the Pep Squad.

He challenged the seniors to set a fine example for the underclassmen who are looking up to them as an idea and an ideal.

Urging pride and self discipline, he said, "Before there is pride in the team, there has to be pride in the individual. From team pride comes pride in the school and when students have pride in their school older people also take notice."

"Climb Every Mountain," sung by Martha Robertson and Cheryl Walton with Joey Duncan as accompanist was followed by the Piper Song concluding the program.

BANQUET SPEAKER -- Curly Hays, noted Southwest Conference official, was the speaker for the annual football banquet held Thursday evening in the high school cafeteria. He entertained the crowd with football stories and words of advice on getting ahead through education. (Tim Jones Photos)

SWEETHEART AND HERO -- Cheryl Walton, head cheerleader of the Pep Squad, was chosen Football Sweetheart by members of the football team. Gil Lain was named Football Hero by members of the Pep Squad. They were crowned at the annual banquet Thursday.

Little Angels Set H-SU Artist Series Program Dec. 9

ABILENE — At 8:15 p.m. Monday, Dec. 9, the Little Angels will descend again to grace a Hardin-Simmons University Artist Series program. Grain Producers Reminded of Changes In Act

Grain producers in Jones County are reminded by County Agent Kirby Clayton that revisions have been made in the 52-year old U. S. Grain Standards Act.

The changes, he said, will make grain inspection voluntary instead of mandatory in domestic trading and broaden the quality factors available under the inspection service.

More specifically, he explained, the changes will enable buyers or sellers to trade grain without inspection. Also, buyers and sellers who wish to trade on official inspection basis may do so at the point of grain origin — the country elevator. Grain may be inspected for any one or a combination of factors, including test weight per bushel, moisture content, or percent of foreign matter or damaged kernels. Licenses to be issued by Consumer and Marketing Service to all inspection personnel expire every year. Licenses may be reissued on the basis of competency and need.

Cotton Program Changes For Next Year Announced

Stamford — Cotton farmers will not be paid to leave allotments acres idle in 1969, according to word received here late Monday by Charles Bragg, executive vice president of Rolling Plains Cotton Growers, Inc.

In a telephone conversation with USDA officials in Washington, Bragg was advised that regulations of the 1969 program will provide for elimination of both mandatory and voluntary diversion next year. Farmers will, however, receive a higher price support on cotton planted within the farm's domestic allotment.

Other details of the program are about as expected, Bragg said. The allotment is unchanged at 16.2 million acres; the price support loan rate is again at 20.25 cents per pound basis middling one-inch. The national average yield for payment purposes remains at 545 pounds and skip-row planting regulations will be the same as those in effect in 1968.

In 1968, cotton farmers were required to divert from production 5 per cent of each

allotment and were paid 10.76 cents per pound on the farm's projected yield. In addition, growers were offered 6 cents per pound to leave another 30 per cent of the allotment idle.

For 1969, both voluntary and mandatory diversion have been eliminated.

Because of the so-called "Ellender Amendment" to the 1965 Farm Act which requires that price support and loan levels equal 65 per cent of parity, farmers will receive a direct price support payment of 14.73 cents per pound, up 2.5 cents from the 1968 level.

Any producer who has a projected yield of 500 pounds per acre for 1969 could receive a payment of \$73.65 per acre on the first 65 per cent of his allotment. He will receive no payment on acreage in excess of 65 per cent.

There are no changes announced in regard to the mail referendum scheduled for December 2 through December 6. If more than a third of the producers participating in the referendum turn down marketing quotas

for the 1969 crop year, there will be no direct support program. But producers who stay within their allotment will be eligible to place their production in CCC loans, amounting to about 22 cents per pound middling one-inch basis.

Bragg sees little likelihood of a sign-up period since the previous sign-up periods were held in order to determine the extent of participation and the amount of advance payments due producers.

Financial institutions are advised that since there are no diversion payments in connection with the 1969 crop, farmers are not likely to receive any advance payments as was the case under previous programs. Producers will not likely receive any 1969 government payments until their compliance with the program has been checked.

Small cotton farms, officially those having less than 15 acres of allotment or normally producing less than 3600 pounds of lint, will continue to receive an additional payment equal to 11.26 cents per pound times the farm projected yield on 35 per cent of the farm allotment.

In releasing provisions of the 1969 program, USDA also released projected yields in the Rolling Plains counties. They were not lowered in any of the 32 counties in the area but left unchanged in six and increased in the remaining 26 counties.

Yields were unchanged in Clay, Concho, Mitchell, Scurry and Taylor. The other 26 received increases averaging 25 pounds to the acre. Knox County received the biggest increase, 59 pounds to the acre; King was second with 51 pounds. Jones received 41 pounds increase.

In announcing the 1969 program, Secretary Freeman cited a need for a 13.5 million bale crop in 1969 in order to compete with producers in foreign countries and to meet export demands.

Elimination of the diversion payments will reduce the government cost of the 1969 farm program to about \$825 million, compared to \$950 million in 1967, Bragg pointed out.

Changes in the cotton program will place producers on their own.

Agent Suggests That Now Is Best Time to Get Soil Samples

The end of the growing season is an ideal time for taking and getting the soil samples tested. Don't wait until the spring rush of field work to do this important job, reminds County Agent Kirby Clayton.

Common tests are for PH, calcium and magnesium, and levels of nitrogen, phosphorus and potassium. In addition, suitable methods have been developed for testing for the micronutrient zinc.

Soil sample boxes, information sheets and tips on how to take soil samples are all available from the offices of the county agent. Clayton added that he would welcome the opportunity to discuss soil sampling and testing with interested persons. The value of soil testing, he said, is well known and demonstration results are available in Jones County to further emphasize its importance.

The soil sample must be carefully taken if it is to reflect the actual plant food situation in a given field or pasture. Several samples must be taken at different spots over the field and then mixed
